Shedding Light on Innovation

Purpose of the event

The LAB2FAB bi-annual meeting provides a platform for industry, academic-based fabrication and characterization centres, and government labs to collaborate in overcoming their R&D challenges.

Our goal is to help all parties build their capacity and expertise to increase Canadian competitiveness in manufacturing of microsystems and nanotechnology innovations.

Target Attendees

80+ delegates from across industry, academic labs, and government labs, including fabrication plant managers, academic and industrial lab directors, innovators, research faculty and staff.

Workshop Goals

- How do we enhance connections among technology developers in the Canadian ecosystem to maximize benefit from technology offerings nationwide?
- How does the community relate to the infrastructure available inside and outside Canada? Where can we exchange value in cross-border partnerships?
- What actions should be taken after this to pursue specific opportunities?

Schedule

Sunday, March 13

Setup of exhibition booths.
Welcome reception.

Monday, March 14 | LAB2FAB Day 1

Workshop sessions, networking and exhibition, dinner reception at end of day 1.

Tuesday, March 15 | LAB2FAB Day 2

Workshop sessions, networking and exhibition.

Topics include:

- Lab of the Future
- Photonic Integrated Circuits – A Flourishing Canadian Ecosystem
- R&D Challenges Seeking Solutions
- Bridging Discovery to Production

Sponsorship Opportunities

Industry partners can gain increased exposure with workshop delegates by sponsoring all or parts of the full event, including reception and networking breaks, exhibition spaces, online presence, social media, etc.

Industry Sponsors

Gold Event Sponsor: \$2,500

(2 available)

- Two full complimentary registrations for the full event.
- Recognition at opening session and networking breaks.
- Opportunity to present a two-minute promotional video to all participants at the opening session on either Day 1 or Day 2 of the event.
- Corporate logo on webpage and social media, event signage and materials, event promotion.
- Opportunity to provide corporate promotional materials for attendees.

Silver Event Sponsor I – Exhibitor: \$1,500

(10 available)

- Two full complimentary registrations for the full event.
- Exhibition table in the networking area (size tbd) during the 2 day event.
- Corporate logo on webpage, social media and event materials.
- Opportunity to provide corporate promotional materials at exhibition booths.

Industry Sponsors

Silver Event Sponsor II – Reception & Networking : \$1,500
(10 available)

- Two full complimentary registrations for the full event.
- Signage with corporate logo displayed during networking breaks and reception.
- Corporate logo on drink tickets.
- Recognition during networking breaks.
- Corporate logo on webpage, social media and event materials.

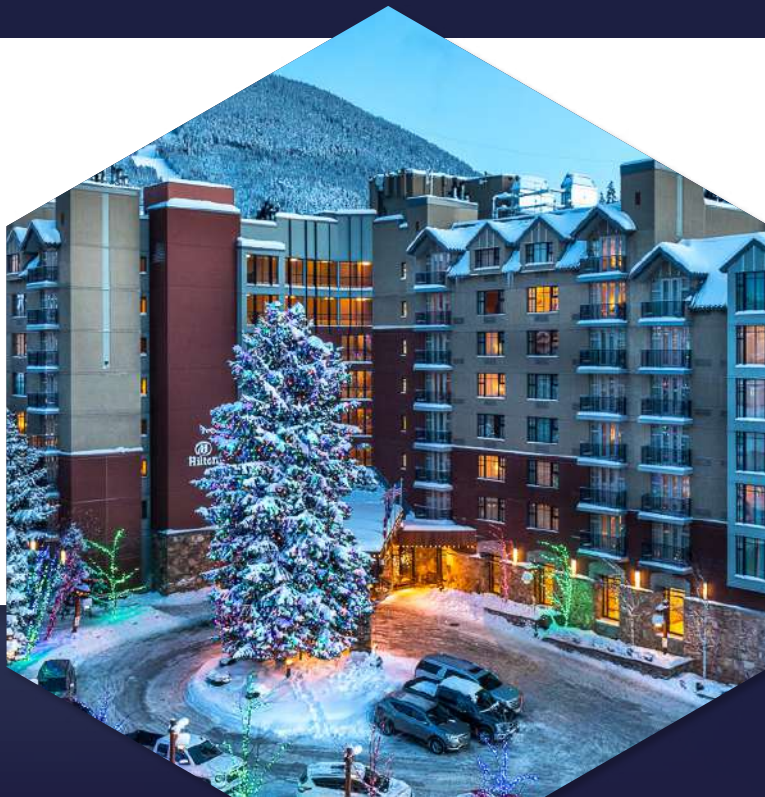

Bronze Event Sponsor – Online: \$500
(unlimited)

- One full complimentary registration for the full event.
- Corporate logo on webpage, social media and event materials.

Whistler, BC

Join us at the Hilton Whistler Resort & Spa 13-15 March 2022

Sponsorship Opportunities

Academic Sponsors

Academic Lab Sponsor: \$300
(for fabrication and characterization facilities)

- One full complimentary registration for the full event.
- Corporate logo on webpage, social media and event materials.

Part of the LAB2FAB Workshop 2022 programming will include a community roadmapping event that will lead to a whitepaper on the landscape of micro and nano fabrication in Canada. This sponsorship package includes a commitment to take part in this activity

- i** We recognize that this is still an uncertain time to be planning in-person events. We would like to offer our sponsors complete assurance that any financial support provided to this event will be refunded entirely in the event that we have to cancel LAB2FAB 2022. Our final go/no-go decision will be made in November, 2021.
